THE MINED LANDS RECLAMATION ACT

BOND

The undersigned Energy Fuels Nuclear, Inc.
as principal, and The North River Insurance Company as
surety, hereby jointly and severally bind ourselves, our heirs, administrators,
executors, successors and assigns unto the State of Utah, Division of Oil, Gas
and Mining in the penal sum of Two Thousand Four Hundred Sixty and no/100ths--
dollars (\$ 2,460.00).

The principal estimated in the Mining and Reclamation Plan filed with the
Division of Oil, Gas and Mining on the 22nd day of February
19 89, that 12.3 acres of land will be disturbed
by this mining operation in the State of Utah. A description of the disturbed
land is attached hereto as Exhibit "A."

When the Division has determined that the principal has satisfactorily
reclaimed the above-mentioned lands affected by mining in accordance with the
approved Mining and Reclamation Plan and has faithfully performed all
requirements of the Mined Land Reclamation Act, and complied with the Rules
and Regulations adopted in accordance therewith, then this obligation shall be
void; otherwise it shall remain in full force and effect until the reclamation
is completed as outlined in the approved Mining and Reclamation Plan.

If the approved plan provides for reclamation of the land affected on a
piecemeal or cyclic basis, and the land is reclaimed in accordance with such
plan, then this bond may be reduced periodically.

In the converse, if the plan provides for a gradual increase in the area
of the land affected or increased reclamation work, then this bond may
accordingly be increased with the written approval of the surety company.

This bond is noncancellable by the surety at any time for any reason
including, but not limited to nonpayment of premium or bankruptcy of the
permittee during the period of liability.
